

JACKSONVILLE UNIVERSITY GOLD Phin News

[Get Involved with the GOLD Phin Society](#)

The [GOLD Phin Alumni Network](#) focuses on providing unique opportunities for recent grads to connect with their alma mater, build personal connections with fellow alumni, and expand their professional network within their community.

"I joined the GOLD Phin Society because JU provided me so many opportunities, and I want to help ensure those that follow me are afforded the same opportunities for their success. Joining the GOLD Phin Society means you're helping create a strong family network that elevates us collectively - current students, faculty, staff, and fellow alumni alike. Look at everything JU has accomplished in recent years. JU is on an incredible path to elevated success and it can only continue to achieve that success with our support and encouragement through the GOLD Phin Network." - **Lucas Meers '12, Vice Chair**

Monthly, recurring gifts of your class year (i.e. \$20.18), or an annual gift of \$250, will qualify you for membership into the GOLD Phin Society.

Today, thousands of Pega Certified System Architect positions remain unfilled. This void can be attributed to both Pega's tremendous growth in leading digital transformation, as well as a lack of Pega-certified tech talent available.

To close the skills gap, Jacksonville University is providing a path to certification through its 8-week online Pega Certified System Architect course. This asynchronous instructor-led

training delivers knowledge of Pega's core principles, in addition to hands-on experience working in your own Pega instance.

Gaining certifications in Pega can expand career opportunities and income potential -- even for the most tenured tech professional.

Space is still available in the November 30th course. To get started, request additional information, and sign up for the course in two easy steps:

Step 1: [Create a JU Account](#)

Step 2: [Get More Information](#) and [Register Today!](#)

Special perk for JU alumni:

Email [Will Miller](#) to receive 20% off your course registration.
