

Club Sport Program Requirements & Application Process

Below is a general overview of the requirements of new clubs in the Club Sport Program. Admission into the Club Sport Program at JU as a part of the Department of Campus Recreation is determined each year by the Assistant Director of Club & Intramural Sports, in conjunction with the Director of Campus Recreation & Wellness and the Club Sport Committee.

To be a member of the Club Sport Program, a student organization must meet all of the following guidelines:

1. Be a member or demonstrate potential membership in a national, regional, or state governing body, association, or otherwise sanctioned league for the sport.
2. Have a minimum of five (5) documented potential competitors, either through the governing body (sanctioned league) or clubs at nearby institutions (nearby is defined as within a 7-hour drive from campus).
3. Have suitable on-campus facilities in which the club can practice or train.
4. Identify goals of the club that demonstrate a common mission between the club and the Club Sport Program.
5. Have four (4) club sport executive officers (President, Vice President, Treasurer, and Safety Officer) willing to dedicate time and effort into effectively and efficiently running club operations.
6. Demonstrate proficient club leadership, including proper submission of paperwork and meeting the classification system of the Club Sport Program.
7. Have proper transition materials to help new club leadership function efficiently and effectively (returning clubs only).
8. Register their club on Presence.
9. Must have a faculty advisor. If you do not find/have one, JAX RecWell will provide one for you.

Please see the below link for club sports at other schools in the state:
