General

Jacksonville University hosts a wide variety of camps and clinics each summer. This policy statement is intended to provide guidance to those involved in certain types of these activities. For purpose of definition, this policy covers the following types of summer programs:

1. **University-sponsored camp** is one in which:
 - a) the University provides resources for its operation, regardless of the type of resource, fund source (i.e., E&G, C&G, Auxiliary, or Foundation), or amount of funding provided, and
 - b) participant fees are deposited into a University account and
 - c) while University-sponsored camps may be offered on campus only these camps sometimes include off campus outings.
2. **Non-sponsored-Affiliate camp** is:
 - a) operated by an employee of the University who is acting independently of his/her University affiliation, and
 - b) in which participant fees are paid directly to the camp director or organizer.
3. **Non-sponsored-Third-party camp** is:
 - a) affiliated with an organization or individual external to JU, and
 - b) in which participant fees are paid directly to the camp director or organizer.

Approvals

The Summer Programs Coordinator is responsible for reviewing all requests to operate a camp and shall coordinate, as appropriate and/or necessary, with other JU departments/units regarding any logistics applicable to the operation of the camp. All required documents must be submitted to the Summer Programs Coordinator no later than six weeks prior to the start of the camp.

Guiding Philosophy

The intent of Jacksonville University is to create a vibrant campus atmosphere, on a space available basis, for summer programs. Though such programs should not take precedence over programs designed for enrolled students, there are many important reasons why the summer camp program is to be encouraged by the University and its employees. Summer programs provide the following benefits for the University:

- Summer programs attract many young people to the University, many of whom will be highly qualified for future admission;
- Impressions gained by young people as a result of a summer camp experience can have a significant impact on choice of college;
- Summer programs provide an excellent opportunity to acquaint a large number of people with Jacksonville University in a short period of time;
- Outreach efforts (particularly those aimed at youth), and faculty involvement in same, can be promoted, and
- The reputation of Jacksonville University is enhanced by effective summer programs.

Special Care

In many cases, summer programs attract youth under the age of 18 to campus. The level of care and supervision appropriate for an enrolled student at the University is not necessarily the same as that which is appropriate for a summer camp participant, even though the oldest camp participants are sometimes older than the youngest of our enrolled students. It is imperative that campers be overseen in a fashion that is appropriate and intended to keep them healthy and safe while visiting the University. Jacksonville University and its employees should provide a reasonably safe environment for participants in the various programs sponsored by the University and attempt to ensure that clients using University facilities for their activities do the same.

Eligibility

Any University department is eligible to conduct summer programs intended to promote the mission of Jacksonville University.

Background Check Requirements

In accordance with [Florida Statute 409.175](#), background checks must be obtained for every employee, volunteer, independent contractor, and every other person who comes in contact with a minor as part of an officially sanctioned program on the Jacksonville University campus.

This regulation includes all sports, summer camps, and any other JU program that includes minors as participants. A minor is any child under 18 years of age.

The background checks must be completed prior to the start of any camp or program. A completed background check must include:

- Criminal background check which includes the Sex Offender Registry
- Level 2 Background check (fingerprinting)
- Completion of the Affidavit of Good Moral Character

All costs associated with completing the background checks will be the responsibility of the camp or program. All background checks must be completed and evaluated PRIOR to any adult beginning to work with minors.

Responsibilities of Camp Director

The **Camp Director** is the individual who is directly responsible for the camp. The camp organization will appoint a designee who is authorized to make arrangements with the University Summer Programs Coordinator for camp requirements/logistics. It is the responsibility of the camp director to:

- b) There is to be one adult advisor/counselor for every ten camp participants under the age of eighteen years.

- m) No camp/conference participant(s) under the age of eighteen years should be allowed unsupervised freedom on campus or in the resident halls/houses at any time.
- n) Collect and have readily available Medical Release and Consent forms for all participants. Forms should contain emergency contact, phone number and known medical conditions.
- o) Inform the Summer Programs Coordinator in advance of early and/or late arrival.

****For Residential Camps**

- p) Prior to check-in, represent the camp organization at a mandatory residence hall inspection
- q) After check-out, attend a mandatory walk through for final inspection of all hall rooms to alleviate discrepancies concerning room conditions.

University Facility Usage

1. Guidelines for use of Campus Property

- a) At no time may a group change their assigned location (facility or outside area) without prior approval of the Summer Programs Coordinator who must coordinate all changes with the University Scheduler and Conference Coordinator.
- b) Use the assigned location for all activities to ensure campers can be found during emergencies or to receive messages.
- c) Monitor campers' behavior at all times and remind them that classes and/or work are in progress on campus during the summer.
- d) Keep noise levels to a minimum and be respectful of the workplace while inside campus facilities to ensure employees are able to complete their tasks without being disturbed.
- e) Honor the requests of the facility/university in terms of food and drink. Many locations have posted notices. When in doubt, do not allow campers to bring drinks or food into the area.
- f) Have campers clean up after themselves prior to leaving the facility each day. Campers should take all personal items with them upon leaving.
- g) Always keep campers away from any special equipment or other hazards that may be located in facilities or outdoors.
- h) Any damage to university property, facilities, furnishings, or equipment will be charged to the responsible party (staff members/volunteers or campers). If a camper is involved, the parent/guardian will be contacted, and a letter will be sent describing the nature of the charges and the amount due.

2. Guidelines for use of Residence Halls

- a) Residence Hall policies/procedures will be explained and a camper's failure to comply may result in being dismissed from the residence hall.
- b) Campers will only use the room assigned . . . no switching rooms.
- c) Campers should lock their door every time they leave their room. *Jacksonville University is not responsible for loss or damage to any personal property or belongings.*

- d) Campers should contact camp counselors who will in turn contact the residence hall staff for any specific needs or problems with their assigned room.
- e) Furniture will not be moved from one room to another and the room must be maintained in the same condition in which it was found.
- f) Campers are responsible for their room key/swipe card and will be charged a fee to re-key a lock and for a new key/swipe card.

Camp Timeline

By April 1st, **Camp Directors** are expected to contact the Summer Programs Coordinator of Jacksonville University in order to provide updated estimates of attendance and to provide continuing indication that the program is still being planned. Any anticipated need to accommodate more than the number originally estimated should be communicated to the appropriate facility manager(s) as soon as possible. **Jacksonville University cannot guarantee space will be available for any number beyond the original estimate.**

Camp Directors planning to use campus lodging and/or dining services are required to provide a guarantee for the number of participants at least two weeks prior to the start date of the camp. The camp will be billed for the guaranteed number of participants or the actual number attending, whichever is greater.

Four (4) weeks prior to the camp start date the following will be discussed by phone or meeting as a minimum:

- Camp schedule
- Food Service – times, location, and dates of meals
- Housing – check-in/out procedures
- Transportation and parking procedures
- Required documents and billing
- Any other questions or concerns

Appropriate Camp Environment

In order to provide a reasonably safe environment for participants in summer camp activities, each **Camp Director** should ensure that certain precautions are taken. All University and campus rules and regulations are in effect. Other precautions that should be considered are:

Qualified Counselors/Staff

- Background screening must be accomplished, particularly for those who will be directly involved with minors.
- Care should be taken that those who will be driving as a part of their duties have a valid license to operate the type of vehicle to be used.
- Adequate training should be provided in order that staff members are qualified to direct the activities scheduled.

Parent Awareness

- Parents should be aware of the type of activities in which their student may participate;
- Known risks associated with each activity should be clearly explained to parents and participants;
- Safety instructions should be made available and should be easily understood.

Behavioral Expectations

Jacksonville University is committed to the idea that each camper should have a positive and enjoyable experience at summer camp, and the misbehavior of one camper, or a group of campers, should not be allowed to impact negatively on the experience of others. Most camps are short in duration, so prompt action may be required.

Adults at all times should be positive role models for minors, and act in a caring, honest, respectful and responsible manner. Adults working in camps/programs covered by this policy must follow these expectations to avoid behaviors that could cause harm or be misinterpreted:

- 1.) Do not engage any sexual activity, make sexual comments, tell sexual jokes, or share sexually explicit material with minors.
- 2.) Do not be alone with a single minor. If one-on-one interaction is required, meet in open, well illuminated spaces or rooms with windows observable by other adults

from the program, unless the one-on-one interaction is expressly authorized by the program Director, Dean, Department Chair or is being undertaken by a health care provider.

- 3.) Do not meet with minors outside of established times for program activities. Any exceptions require parental authorization and must include more than one adult from the program.
- 4.) Do not invite any individual minors to your home. Any exceptions require authorization by the Program Director and written authorization by a parent/guardian.
- 5.) Do not engage or allow minors to engage you in romantic or sexual conversations, or related matters, unless required in the role of resident advisors, counselors or health care providers.
- 6.) Do not engage or communicate with minors through email, text messages, social networking websites, internet chat rooms, or other forms of social media at any time except and unless there is an educational or programmatic purpose and the content of the communication is consistent with the mission of the program and the university.
- 7.) Do not touch minors in a manner that a reasonable person could interpret as inappropriate. Touching should generally only be in the open and in response to the minor's needs, for a purpose that is consistent with the program's mission and culture, and/or for a clear educational, developmental, or health related (treatment of an injury) purpose. Any resistance from the minor should be respected.
- 8.) Do not engage in any abusive conduct of any kind toward, or in the presence of, a minor, including but not limited to verbal abuse, striking, hitting, punching, poking, spanking, or restraining. If restraint is necessary to protect a minor or other minors from harm, all incidents must be documented and disclosed to the Program Director and the minor's parent/guardian.
- 9.) Do not use, possess or be under the influence of alcohol or illegal drugs while on duty or when responsible from a minor's welfare.

Dining Services

All summer camps and conferences using campus facilities including residence halls will also utilize the dining facilities during their stay. Housing

Housing Policies

Damages

Rooms are inspected before individuals move in and after individuals move out of their spaces. Room damage will be assessed for cost of repairs or replacement and charged as follows:

1. To any individual who accepts responsibility or is found to be responsible for the damage.
2. To occupants of a room where the damage was done and direct responsibility cannot be determined.

Residential Life Professional Staff members will conduct the official closing checks and have final jurisdiction to assess charges for room damages. If damage is deemed to be intentional in nature, disciplinary action will also be taken.

Laundry Facilities

Laundry facilities are located in each hall. It usually takes 30 minutes to wash and 60 minutes to dry an average load of clothes. Laundry machine service in the residence halls are "open use" and do not require payment per use.

The department recommends that you stay in the laundry room during the entire wash and dry cycle of your laundry.

Repair problems on washers and dryers should be reported to the Office of Residential Life at (904) 256-7538 or housing@ju.edu.

Liability for Losses or Thefts

The University does not accept responsibility for loss, theft or damage to personal property of individuals. The University assumes no responsibility for items lost or stolen from student rooms, student automobiles, storage areas, laundry rooms, all other common areas, etc. The University strongly recommends that all individuals carry renter's insurance coverage for all items or property, as well as take reasonable steps to prevent losses or thefts, including but not limited to the following:

1. Keep your room locked at all times, and never leave your keys in your room. The best guard against property loss from your room is a locked door.
2. Individuals are advised against keeping large sums of money or other valuables in their rooms.
3. Record the serial numbers of all of your personal property and mark it with your name.
4. Do not leave property unattended in lounges, laundry rooms, study spaces, etc.
5. Report any property loss immediately to the Campus Security Office.

Weather Emergencies

When severe weather may affect Jacksonville University, the President, or designee, will activate the University's Emergency Preparedness Task Force to take any precautionary measures needed.

Courtesy Hours

Courtesy Hours are in effect 24 hours a day, 7 days a week both inside and outside the residence halls. This means that any reasonable request from one resident to another to be quieter must be heeded. Consideration for others is a primary component of community living and individuals agree to uphold this expectation when they become residents. Individuals must comply with any student or staff member's request to observe courtesy hours.

Please note: Speakers may not be placed on windowsills/balconies, and pointed outside the room. This behavior is considered to be in direct violation of courtesy hours and will be addressed by Residential Life and Campus Security staff.

Dangerous and Disruptive Activities

The following activities are deemed dangerous/disruptive, and are prohibited in residential facilities:

1. Accessing rooftops or ledges
2. Climbing from windows
3. Scaling or rappelling from balconies or exterior walls
4. Throwing, bouncing or kicking of any object in or from a window, ledge, roof, stairwell, balcony, hallway or any other common area, or room.
5. Playing sports in individual rooms, hallways, or lobbies
6. Skateboarding, Rollerblading, using scooters, biking, etc.

Damages to facilities resulting from these activities will result in charges to either the individual or the community.

Individual Room Furniture:

Individuals are responsible for the condition of their rooms and all furniture assigned to it. University provided room furnishings must remain in the individual rooms. Charges will be assessed if furniture is found to be missing. Upon checking out of a room, all furniture must be reassembled as it was originally found.

Common Area Furniture:

Furnishings in the common areas of the residential facilities are provided for the use of all individuals and may not be taken into individual rooms. Protection of public areas and equipment is the shared responsibility of all individuals.

Fire Alarm Procedures

When a fire alarm sounds, act as if there is a real fire. Assuming the alarm is a mistake or a fire drill is extremely dangerous. To ensure your safety take the following steps:

1. Proceed immediately to the nearest designated exit (do not use elevators)
2. Upon exiting the building, follow further instructions given by Resident Advisors or Security Officers
3. Do not re-enter the building until given permission by a university official.

Insurance Requirements

Insurance Requirements and Recommendations

The following minimum insurance requirements shall apply to all vendors performing, selling, or distributing products or services, contractors performing work, and guest groups using facilities at any FICURMA MEMBER location:

- **Comprehensive General Liability:** Including Bodily Injury and Property Damage Liability, Contractors Liability, Contractual Liability, Product Liability and Completed Operations Liability in an amount not less than \$1,000,000 each occurrence and \$3,000,000 general aggregate. The COi should also indicate whether the General Liability policy is written on a claims-made or occurrence basis. **If** alcoholic beverages are to be served, coverage should include Liquor Liability.
- **Workers Compensation and Employers Liability Insurance:** ¹ For any entity with employees, workers compensation as required by Florida law (or the law of the state in which the campus is located) and Employers Liability insurance in an amount not less than \$750,000 bodily injury each accident, \$750,000 disease policy limit, and \$750,000 disease each employee or the statutory minimum requirement, whichever is less.
- **Automobile Liability:** For vendors, contractors, and guest groups who will drive on FICURMA MEMBER's premises, Auto Liability in an amount not less than \$1,000,000 each occurrence for bodily injury and property damage, including owned, hired, and non-owned vehicle coverage.
- **Sexual Abuse, Sexual Molestation, Physical or Mental Abuse coverage:** Required for any programs or activities involving individuals under the age of 18. Minimum limit of \$1,000,000 per wrongful act and \$1,000,000 Aggregate. This coverage can be provided either by endorsement to the Commercial General Liability Policy or under a separate policy and *must be specifically referenced* on the Certificate of Insurance noted below. Coverage for such claims must not be subject to any exclusion, restriction, or sub-limit.
- **Umbrella/Excess Liability:** The above limits may be reached by means of an umbrella or excess liability policy.
- **Other:** **If** a product, service, or activity is considered to present an unusual or exceptional risk, the Risk Management Office may require additional insurance above the FICURMA MEMBER's standard requirements. Examples include but are not limited to large construction projects, environmental-related risks, and transportation companies.

In addition to the above, the FICURMA MEMBER also requires that COis issued under this procedure include the following:

- **Additional Insured:** FICURMA MEMBER is to be named as "Additional, Named Insured" under the Comprehensive General Liability, Automobile Liability and any Umbrella/Excess Liability policies. Such insurance coverages are considered as primary

¹ Any entity or group with no employees wishing to waive the requirement to maintain workers compensation insurance must obtain prior written approval from Risk Management Office.

over any and all other insurance or self - insurance coverages, and any other available insurance, or self - insurance, coverages available to FICURMA MEMBER are considered as secondary to the coverages provided under the COL

- **Waiver of Subrogation Clause:** To be included in favor of FICURMA MEMBER.
- **Notice of Cancellation Clause:** The COI must indicate that it is the responsibility of the insurance carrier to provide the FICURMA MEMBER with 30 days' notice prior to cancellation or expiration of the insured's policy.

Financial Rating: All insurance companies shown on the COI must have an A.M. Best's financial rating of A- VIII or higher. Exceptions to this rating must be approved by Risk Management.

When requested, individuals with campus events must also provide a declaration sheet and a copy of the insurance policies for which the COI has been obtained.

Because the use of a FICURMA MEMBER's facilities is at the other party's own risk and contracts on facilities use have provisions that indemnify and hold the FICURMA MEMBER harmless, the FICURMA MEMBER generally will not require other forms of coverage beyond what is stated above. The types of coverage below are suggested for groups using FICURMA MEMBER facilities but are not required as a condition of use.

- Directors & Officers/Employment Practices Liability Insurance
- Accident and Health/Medical Expenses
- Crime Insurance
- Property Insurance
- Professional Liability (Errors & Omissions) Insurance

C. Alternative Insurance Options

If the other party does not have insurance for the event, you may suggest that they check with their homeowner's agent to obtain the coverage. Another option is to refer them to the Tenant-User Liability Insurance Policy (TULIP) which provides the required liability insurance for users of a FICURMA MEMBER's owned facilities. The premium is determined by **1)** the risk level, **2)** the duration of the event, and **3)** the number of people in attendance. TULIP may **only** be used to insure **on-campus** events and may not provide adequate coverage for sexual abuse and molestation coverage for events involving minors.

***NOTE:** Information regarding the TULIP insurance program and other potential sources of insurance listed above is provided for **informational purposes only** and is not intended as a recommended insurance program. Please consult a licensed insurance broker or consultant to structure an insurance program which contemplates the exposures presented by your activities, current legal requirements and your risk tolerance.*

Jacksonville University requires liability insurance from third parties wishing to use University facilities for meetings, conferences, seminars, weddings, camps or other special events. This requirement can be satisfied by providing a certificate of liability insurance from your insurance company/agent.

Pool Policies

PARKING RULES & REGULATIONS: Jacksonville University traffic and parking regulations apply to all students, faculty, staff and visitors. The Department of Campus Security is responsible for the enforcement of traffic and parking rules and regulations at the University.

GENERAL INFORMATION

Operating and parking a motor vehicle on the JU campus is a privilege extended by the University. Violation of the rules and regulations can result in suspension or revocation of the privilege to drive and park on University grounds. Parking includes parking, standing, or stopping. Jacksonville University assumes no responsibility for damage to or loss of any vehicle or its contents at any time it is operated or parked on the campus. All students and employees of the University holding a valid operator's permit issued by the Division of Licensing in their state, are permitted to operate and park properly registered motor vehicles on campus. All persons who operate a motor vehicle on campus are expected to comply with all traffic and parking regulations. A person who registers a vehicle is responsible for ensuring that the vehicle is operated in compliance with all traffic and parking regulations. For example, the registered owner of a vehicle will be held responsible for any parking citations received by someone who is operating the vehicle or allowed to utilize his or her issued permit. **These regulations apply all year long, 24 hours per day, including academic breaks and in all weather conditions.** Permits/decals remain the property of Jacksonville University and are not transferable between vehicles or persons.

REGISTRATION REGULATIONS

- ▶ Temporary permits may be issued for up to 14 days in the event of issues with obtaining a registration, purchase of new vehicle or temporary guest. If extenuating circumstances exist please consult with a campus security supervisor.
- ▶ All vehicles parked on campus by students and employees must be registered with the Campus Security Office and must display a current parking permit. Employees and students are allowed one permit/decals. Shared vehicles are allowed one permit/decals only.
- ▶ All persons registering a vehicle must bring their JU I.D. and vehicle registration to the Campus Security Office located at the Green Street entrance during the hours of 7 a.m. – 6 p.m., daily (extended hours at the beginning of each semester).
- ▶ **Permits/decals or hangtags are not transferable. All student permit/decals must be affixed to the exterior of the vehicle driver's side lower corner of the front windshield. Employee hangtag/permits must be hung from the vehicle's rear view mirror where they are in plain view.** Failure to display the permit properly will result in a parking citation. The permit is issued to an individual and therefore any violations attributed to the permit become the individual's responsibility. Please keep this in mind when you loan your vehicle to someone else.
- ▶ Registration forms are available on-line and may be completed and printed prior to coming to Campus Security. To access the on-line form go to the Campus Security webpage.
- ▶ If your permit/decals or hangtag is lost or taken, a new decal must be obtained from the Campus Security Office as soon as possible. If a new decal is not obtained, you will be held responsible for any citations associated with that permit/decals.
- ▶ A change in a student's residency, enrollment status, vehicles, or vehicle's state registration requires students to obtain a new parking permit or remove a parking permit based on their new status.
- ▶ **All parking permits will expire on August 31, 2018.**
- ▶ A damaged or defective permit/decals or hangtag will be replaced at no charge if returned to the Campus Security Office.

TRAFFIC REGULATIONS

- ▶ Traffic rules and regulations and directive signs governing the operation and parking of motor vehicles are in effect at all times unless specifically limited by the Campus Security Office.
- ▶ Motorists must yield the right of way to pedestrians and bicyclists.
- ▶ All vehicles must comply with the posted speed limits on campus. The speed limit is 15 mph for all roadways. The speed limit in all parking lots is 10 mph or less depending on traffic conditions.
- ▶ Driving on sidewalks, paths, on grass, or off-road is prohibited. Parking on roadways, fire lanes, service driveways, sidewalks, paths, grass, off-road, or along any curb is prohibited.

- ▶ Tearing down, altering, defacing, or removing any sign or traffic control device including traffic cones is prohibited. Acts as described may subject the offender to administrative sanctions or criminal prosecution.

PARKING REGULATIONS

- ▶ Parking on the Jacksonville University campus is only permitted in marked parking spaces in authorized parking lots. All parking lots are marked with color coded signs designating which permit(s) may park in the lot. Parking designations are enforced from 7 a.m. – 5 p.m., Mon – Fri. Parking designations are: **Employee (E); Resident Student (R); Commuter (C); Orthodontics Students (C); Visitor (V); Patient (O); and Residential Life (RL)**
- ▶ The absence of NO PARKING signs does not imply that parking is allowed. Before parking in an area that is questionable, call the Campus Security Office at 904-256-7585. Parking in designated parking lots is restricted to the marked spaces only. Vehicles parked outside of marked spaces, in handicap spaces, Purple Heart spaces and/or along curbs (painted and unpainted) are subject to being issued a citation and/or towed.
- ▶ Parked vehicles must not obstruct access ramps, loading zones or traffic, or obstruct access by any emergency vehicle such as fire department, emergency medical services, or police. Parked vehicles cannot interfere with normal University operations or create a hazard. Vehicles parked in such a manner are subject to being issued a citation and towed. **The City of Jacksonville Parking Enforcement Division may also enforce parking regulations on campus such as; handicapped parking, fire lane, and expired license plate violations.**
- ▶ If your vehicle is disabled, contact the Campus Security Office at 904-256-7585 for assistance. Abandoned vehicles will be cited and towed away at the owner's expense.
- ▶ All person(s) must comply with the posted parking time limits where designated. The 15 minute parking spaces are enforced 24/7.
- ▶ Repairs to vehicles parked on campus such as oil changes, or other mechanical work are not permitted.
- ▶ The University parking map, located on the reverse of this page, as well as signs throughout the campus indicate where students with current permits/decals are permitted to park. Signs may be damaged, destroyed, or temporarily moved, so the provided map should be regarded as the governing document as it relates to parking lot designation.
- ▶ **Students are not permitted to park in any parking space marked Reserved, Employee or Visitor during the hours of 7 a.m. – 5 p.m., Mon. – Fri. year round. Students are not permitted to park in RL Reserved spaces 24/7 year round.**

MOTORCYCLES & BICYCLES

- ▶ All motorcycles operated and parked on the JU campus must be registered and display a valid JU parking decal. Decal placement on motorcycles can offer special challenges. - ▶ All traffic regulations apply to motorcycles and bicycles.

- ▶ Bicycles may only be parked in bicycle racks. Bicycles shall not be chained to railings, handicap access ramps, trees, light or sign posts, or entrances to buildings. The Campus Security Office will impound bicycles left in these locations. The owner of the bicycle may be subject to fines for improper parking. Bicycles are not permitted in the University buildings.

- ▶ All bicycles will be registered with the Campus Security Office. Registration for bicycles is free of charge and involves the collection of the bicycle's identification information. A JU bicycle decal will be issued and affixed to front forks on the bicycle.

APPEAL PROCESS

The Appeals Committee is comprised of a rotating membership of student, staff and faculty volunteers who take their personal time to review appeals. This committee meets independently apart from the Campus Security Department. The decisions of the Appeals Committee are final. Decisions of the Appeals Committee are not an endorsement of the particular driving or parking behavior of an individual who is cited for violation of the parking rules and regulations but is a decision based on the totality of circumstances and the specific conditions presented by the campus security officer and the appellant. Only those with valid JU parking permits may go through the appeals process. The appeal must be filed within 15 calendar days of the date the citation was written. Appeals submitted after this deadline will not be considered. The grounds for filing the appeal must be that you were not in violation of the parking rules, not that you do not agree with the rules or fine amount.

- ▶ Appeals must be submitted on the appropriate form available in the Campus Security Office located at the Green Street entrance (first right turn). The citation must be attached to the appeal. Appeals will not be considered if you do not have the citation. Verbal appeals will not be considered.

Summer Camp & Background Screening Information

- **Summer day camps** and **Summer 24-hour camps** are defined in s. 409.175, F.S. **Summer day camps** are recreational, educational and other enrichment programs operated during summer vacations for children who are 5 years of age on or before September 1 and older. **Summer 24-hour camps** are recreational, educational and other enrichment programs operated on a 24-hour basis during summer vacations for children who are 5 years of age on or before September 1 and older, that are not exclusively educational.
- All summer camp personnel must be screened, which includes; owners, operators, employees and volunteers that provide care for children. Volunteers who assist on an occasional basis for less than 10 hours per month do not need to be screened, as long as a person who meets the screening requirement is always present and has the volunteer in his/her sight. All employees and volunteers under the age of 18 must be screened.
- All summer camp personnel must be screened no more than 60 days before they begin employment and must be rescreened annually, unless they continually work in a profession caring for vulnerable populations and are not unemployed for more than a 90 day period, and the Level 2 screening was completed within the last 5 years.
- International counselors must complete a Level 2 background screening upon arrival in Florida. Although it isn't required by law, a background check from their home country should be requested. Most organizations that assist with identifying international counselors do provide a background check.
- The requirements for Level 2 Background Screening are found in Chapter 435, F.S., and are as follows:
 - **Level 2 Background Screening** requires fingerprinting for statewide criminal history checks through FDLE and national criminal history checks through the FBI and may include local law enforcement checks.
 - **Disqualifications** are found in s. 435.04, F.S., and include; anyone who is arrested for and awaiting final disposition of a prohibited offense, regardless of adjudication; anyone who has entered a plea of nolo contendere or guilty to a prohibited offense; and any juvenile adjudicated delinquent in which the record of committing a prohibited offense has not been sealed or expunged.
- The Care Provider Background Screening Clearinghouse, created due to changes in law during the 2012 legislative session, is a single data source for background screening results of persons required to be screened for employment. The Clearinghouse allows the results of criminal history checks to be shared among specified state agencies. Screening for summer camp personnel must be processed via the Clearinghouse. To establish a provider account in the Clearinghouse the program must already have an ORI/OCA number. To request a provider account in the Clearinghouse please visit the following link: <https://apps.ahca.myflorida.com/SingleSignOnPortal/Login.aspx>
- Fingerprints must be obtained using LiveScan technology. A listing of LiveScan vendors is available via the Clearinghouse and also on our website: www.dcf.state.fl.us/programs/backgroundscreening/maplist.asp
- The results from the background screening and the *Affidavit of Good Moral Character* should be maintained in each personnel file. A copy of the Affidavit of Good Moral Character may be obtained from the following link: <http://ccrain.fl-dcf.org/documents/6/78.pdf#page=1>
- The Department has the authority to ensure compliance with background screening. Currently, summer camps are only monitored when a complaint is received relating to noncompliance with background screening. Summer Camps are not licensed by the Department and no additional training of employees is required.
