Jacksonville University KSON Simulation Lab Chatlos Foundation Grant: \$9,815 – under review

August, 2020

EPIC Funding through Office of Research and Sponsored Programs for the purchase of Simulation equipment for the Family Nurse Practitioner Program: \$11,007.46 (Awarded)

**STUDENT SUPERVISED
PROJECTS:**

Undergraduate Nursing Honors Research Projects – Chair

Authentic Leadership in Nurse Managers and job satisfaction

Smoking Cessation in the University Military Veteran population

*Hypothermia interventions for post cardiac arrest patients in the
Intensive care unit – Project selected for presentation at
National Conference of Undergraduate Research*

Pediatric immunization efficacy in minority populations

Master of Science in Nursing – Education track – Chair

*Educational safety plan for parents with a tracheostomy/ventilator
dependent and g-tube dependent child*

Doctor in Nursing Practice Clinical Projects – Chair

Family Centered visitation program guide for pediatric PACU

Fertility preservation in the pediatric oncology patient

*Simulation use in the undergraduate nursing student and
program outcomes and NCLEX success*

*Sleep apnea in stroke patients, an OSA quality improvement
project*

*Implementing a Human Trafficking Protocol in the Emergency
Department triage*

*Improving Resource Access and Implementation for Informal
Cancer Caregivers in a Clinic at an Outpatient Cancer Center: A
Quality Improvement Project*

*Improving access to care in the low income, cognitively impaired
patient population: A Quality Improvement Project*

*The Effects of a nursing mentorship program on job satisfaction
and intent to stay*

Reducing the number of pediatric pressure related injuries in the Pediatric Intensive Care Unit through educational intervention and skin care champions

The Effectiveness of Preoperative Preparation Program in Decreasing Children's and Parents' Preoperative Anxiety

**INNOVATIVE
TEACHING:**

RN to BSN Independent Study

Developed independent study for 4 graduating RN to BSN students nearing their graduation. Assignments were pathophysiology content focused and the course ran over the course of an 8 week semester. All students successfully graduated with their Bachelor's of Science in Nursing degree.

Undergraduate Nursing Assessment Videos

With the help of two colleagues, we video recorded live demonstration of all systems of the body assessment for students from semester to semester to access and use as an adjunctive learning resource for their undergraduate nursing class.

New Course Development

RN to BSN - NUR 357 – A Conceptual Approach to Assessment and Pathophysiology for the Practicing Nurse Part 1

RN to BSN - NUR 449 - A Conceptual Approach to Assessment and Pathophysiology for the Practicing Nurse Part 2

Prelicensure BSN – NUR 424 – Sign Language for the Health Care Professional

Undergraduate Pediatric Simulation Development

Wrote and implemented high fidelity pediatric simulations utilizing real life scenario teaching techniques to prepare and educate the undergraduate nursing students prior to entering in o the pediatric clinical environment. Simulations focused on Oncological and Neurological emergencies in the Pediatric clinical setting.

Graduate Pediatric Simulation Development

Wrote and implemented pediatric simulation for the graduate FNP student utilizing real live actors (children) of various age groups to provide the students with the opportunity to talk to, assess and observe how to approach the pediatric patient in the primary care setting.

Preceptor for Graduate FNP Students completing their Pediatric Rotation in Primary Care

Over 400 hours each calendar year since 2013 spent precepting nurse practitioner students in the pediatric primary care clinical setting.

AWARDS:

February, 2020

**Success Share Initiative
Incorporating Innovative strategies in the classroom**

December, 2018

**Dorothy D. Methias Award
Vision is Priceless and Duval County Public Schools**

May, 2017

**Great 100 Nurses of Northeast Florida
Category: Education**

April, 2016

**Jacksonville Business Journal
40 under 40 Award**
