## School of Orthodontics Strategic Plan 2020-2022

### 2020

- Sustain American Board of Orthodontics (ABO) success rate
- Implement a new training module for the scenario-based ABO exam
- Engage more Alumni to contribute to the program
- Explore global recruitment
- Sustain program's academic and clinical output as competition rises
- Increase research submissions for publication
- Develop a fellowship program in Craniofacial Deformities

### 2021

- Continue to engage Alumni to contribute to the program
- Develop Continuing Education Program
- Continue in-depth development of research program and publications
- In-depth review of the clinical and didactic curriculum

### 2022

- Engage alumni to contribute to the program
- Continue in depth review of clinical and didactic curriculum
- Continue ABO written examination success
- Update website
- Institute a 24-month combined MSD/Certificate program following CODA approval
